Our Policy

QUALITY AND VALUE:

Here at New England Rare Coin Galleries, the emphasis is always on quality since we believe that quality more than pays for itself in the long run. We grade our coins as accurately and conservatively as possible and quite often, our AU coins will be equivalent to, or better than, coins offered as BU or even Choice BU by some other sellers. We don't believe in pushing grades or ignoring defects. All coins are described as fully as possible with scratches, weak strikes, nicks, or signs of cleaning mentioned.

That is why our prices may seem higher at times. However, the fact that America's leading dealers, collectors and investors continue to buy from N.E.R.C.G. (and at an ever increasing rate) should convince you that we do, indeed, offer the best possible value per dollar spent.

EXPERTISE:

Our staff includes some of the finest and most knowledgeable numismatists in America. Authenticity is guaranteed, and members of our staff are often called upon by museums, government agencies and other coin dealers for advice in authentication.

Furthermore, we are in constant touch with the coin market. Members of our staff attend virtually every major coin show and many major auctions. We are members of the F.A.C.T.S. teletype circuit, and have extensive direct contact with virtually all aspects of the rare coin market. We understand coin values and we understand the coin market. This allows us to offer our investment clients meaningful advice as to which coins we feel will prove to be the best possible investment. This advice is based on rarity, current demand vs. anticipated future demand, past performance, and several other aspects of market trends.

With our help, our customers have made tremendous profits in rare coins. In fact, the gains made by our investment customers have outpaced the coin market in general.

PROFESSIONAL INTEGRITY:

At New England Rare Coin Galleries, we pride ourselves on our high standards of ethics, believing that by offering fair, consistent value, properly graded coins, sound unbiased advice, and (of course) authentic, accurately attributed and described coins, we are not only serving our customers, but ourselves as well.

We could advertise most of our Choice AU coins as BU and sell them at higher prices and we could just as easily tout the investment potential of a coin which we do not really feel is a good value. However, since we are looking for long-term, repeat business, not one-time sales, we choose the more difficult route of offering correctly graded coins and expressing our true opinions to our clients. This policy has produced tremendous dividends for our clients and ourselves.

SERVICE:

We are here to meet your numismatic needs, whatever they may be and are always in a position to obtain the items you need for your collection or portfolio. As N.E.R.C.G., want lists are serviced, not ignored. We can offer advice on virtually every aspect of numismatics and the rare coin market.

Nearly all orders go out the same day they are received. All coins are shipped fully insured or registered, and all non-local orders are sent via AIR MAIL. We know you don't like to wait any longer than necessary to receive your coins and that is why filling your orders quickly and efficiently is so important to us. Try our service. You will be amazed!

SELECTION:

In this type of market, our primary concern is not selling coins as much as it is with buying them. Our sources, in this regard, are nearly unsurpassable. Many of America's leading dealers and collectors regularly call us with rare and desirable properties. Our high-volume, low-margin of profit business allows us to pay very competitive (often record breaking) prices for rare coins.

Members of our staff attending leading coin conventions examine several million dollars worth of coins a week to bring our customers the very best values from other dealers' inventories.

As a point of interest, we do not hold back portions of our inventory as many dealers do. All of our new purchases are available for sale as soon as we can catalog and price them. We don't keep the best investments for ourselves since we feel that our customers deserve to profit from this market.

Our own million dollar inventory of rare coins is now one of the largest and most comprehensive in the nation. Our business is to meet our clients' needs, and we think we do an excellent job of it!

We have priced and graded all coins to be top values, and choice, desirable coins that are priced to sell (and most of

the coins we offer for sale fit into that category) cannot be expected to last long.

Invariably, when we publish our ads and price lists, we get multiple orders, often as many as 10 or 15 orders for the same item! Nearly all items are one or two of a kind and thus we must often disappoint our customers with "sold out" letters and refund checks. This is regrettable, but the alternative of pricing our coins so that they are not as good values to avoid multiple orders for the same item does not appeal to us, nor would we expect it to appeal to our valued customers.

Therefore, all we can say is please order as soon as possible and list second choices if possible. We will not use your second choice listings unless we are sold out of your first choice.

WANT LISTS:

If you are looking for a particular coin or several coins in a particular grade, send us a list of these. We will do our best to locate them for you. There is never any obligation on your part!

INVESTMENT COUNSELLING:

Our expert staff of numismatics will be happy to advise you as to the coins which we feel will offer you the best possible return per dollar invested. We are in constant touch with the coin market and are in a better position than most to recognize truly scarce and underpriced numismatic items. Investment packages can be tailor-made to your individual needs. If you would like to discuss this service, call us and ask for James Selfridge.

PRIVATE TREATY SALES:

We have built one of the largest rare coin dealerships in the U.S. Our clientele includes many of America's leading collectors and investors. Our problem is not selling coins—it is buying them! If you have a rare coin or a group of coins you would like to sell (and realize the best possible price for it!) send us a description of the coin(s) you have for sale. If we have a client needing the particular coin or group of coins, we can arrange to sell them through private treaty. (We are also anxious to buy coins outright!)

SATISFACTION GUARANTEED:

To sum it up—we are not happy until you are! All coins are sold with a ten (10) day return privilege. (Coins may be returned for any reason or no reason at all.) All coins carry a life-time guarantee of authenticity. When you order coins from N.E.R.C.G., we guarantee that you will receive an authentic specimen of the issue you order—a point not to be taken lightly when you consider the number of counterfeit and altered examples of many issues that are currently on the market.

THE 1884 TRADE DOLLAR

We proudly offer a choice, beautifully toned specimen, last sold in the Pelletreau sale (Stack's) in 1959. Glittering Choice Proof, and one of only ten struck.

In that sale, this coin was described as follows:

"1054. 1884 Trade Dollar. A beautiful BRILLIANT PROOF with raised borders, sharp stars and sharply defined eagle. This great rarity is from the Will W. Neil Collection lot #296 sold in 1947. It was also in the famous Atwater and Roe Collections. These coins were discovered at the turn of the century by a Philadelphia dealer. At that time the dealers guessed that there were ten struck. After reviewing the various sales records and private collections it is now assumed that there are not more than five or six coins known."

We feel that the original estimate of ten struck is probably correct, and it is now considered as official mintage figure. At least nine, and possibly all ten specimens are known, but only four or five are in

Choice condition, such as the specimen offered here. In fact, every dealer to whom we showed this coin and our 1885 Trade Dollar, agreed that each was the finest of the date that they had seen..

The 1884 Trade Dollar is in approximately the same rarity class as the 1894-S dime (10-12 known of 24 struck — recently sold for \$97,500.00), the 1876-CC 20¢ piece (12-14 known of 10,000 struck — currently being advertised at \$100,000.) and the 1838-O half dollar (10 known — an impaired specimen recently sold for \$85,000.).

If anything, the 1884 Trade Dollar is rarer than any of the examples above, and further enhancing its value is its fantastic condition. We are certain that this coin will prove an outstanding investment for its new owner. It is certainly an excellent value at our conservative price.

This Choice, beautifully toned specimen, Ex. Pelletreau, Neil, Atwater and Roe, probably the FINEST KNOWN example, is now available from us for only . . .

NEW ENGLAND RARE COIN GALLERIES PROUDLY OFFERS THE FABULOUS **1885 Trade Dollar**

This splendid specimen was last sold publicly in the Baldenhoffer sale (Stack's) in 1955. It is a perfect match to the previously offered 1884 — perhaps even slightly finer in condition — a glittering Choice Proof example with beautiful natural toning. One of only five specimens struck.

In the Baldenhoffer sale, our coin was described as follows:

"THE EXCESSIVELY RARE 1885 TRADE DOLLAR"

1040 1885 The Trade Dollars of this date were said to have been discovered in the proof sets of that year. Stack's has had the pleasure of selling some of the foremost collections in America and we are quite accustomed to rarities. However, this is only the second specimen we ever handled. The first was sold by us privately in 1942. This specimen we are now offering is the first to be sold by us at public auction. While records of amount made are not available, in our opinion we do not believe that there are more than five of these in existence, possibly fewer. This coin can be classed as rare as any other great American Silver Rarity. The fabulous Dupont Collection lacked this coin. We would not be surprised at any record price established. This coin is a splendid Brilliant Proof, slightly toned."

Five struck is now the officially accepted figure, and all five specimens are known. However, three of these are permanently impounded in famous major collections (Eliasberg, Amon Carter and Norweb). The other specimen, last sold in 1965 (Ewalt sale — Stack's was impaired. This is now the only Choice, COLLECTABLE specimen of the date.

Since no other 1885 Trade Dollars have been sold for over nine years, and no Choice ones for over nineteen years, it is very difficult to determine an accurate market price for this coin. However, we have taken the following facts into consideration. . .

- 1) The 1885 Trade Dollar is probably America's greatest rarity that is currently available for sale. We note the recent sales of an 1804 silver dollar (15 specimens known) and a 1907 MCMVII Extremely High Relief (12-14 specimens known) both for amounts reportedly in excess of \$200,000. The 1885 Trade Dollar is more than twice as rare as either of these.
- 2) Rarity factors of infrequently offered coins tend to increase values in disproportionately great amounts. For example: in May, Stack's auctioned a pair of \$3 gold pieces, 1875 and 1876. At that time, the 1876 real-

ized \$21,000. The 1875, which is not quite twice as rare as the 1876, realized \$150,000 — over SEVEN TIMES the price of the 1876. A comparable situation exists here with the 1884 and 1885 Trade Dollars.

- 3) The 1885 Trade Dollar offered here is in the finest possible condition. It is equal or superior to all other known specimens. The only other collectable specimen was abrasively cleaned and has severe hairlines. This specimen is a Choice, beautifully toned Proof — absolutely an unimprovable coin! Many of the dealers we showed it to considered it to be the finest known.

- 4) The 1885 Trade Dollar is one of the most infrequently offered of all U.S. coins. No 1885 Trade Dollar has been offered for sale since 1965 (Ewalt). No Choice one since 1955 when this one was last sold.

Meanwhile, four extremely high relief double eagles have been sold in the past five years. 1804 Silver Dollars are offered for sale virtually every year. At least three 1913 Liberty Nickels have traded hands within the past decade. Yet to our knowledge, only two 1885 Trade Dollars had been sold from 1942 until we purchased this one in August 1974!

- 5) The 1885 Trade Dollar is one of the most famous, romantic, and well-established of all U.S. coin rarities. It is NOT a pattern issue or a recently-promoted "rarity". It is undisputedly the rarest collectable regular issue silver coin.

With all these factors contributing to its value, we are confident that we could price this coin at substantially more than our asking price and still sell it! It is, after all, the only Choice Proof example that is ever likely to be sold in the foreseeable future. It is probably the finest known example.

It is almost impossible to say what this fabulous coin will bring in the future, but it is a virtual certainty that its new owner will realize a substantial profit should he ever decide to sell the coin. This has been the case with nearly all great numismatic rarities. Furthermore, there is the tremendous satisfaction (and often fame) that comes from ownership of a classic rarity.

AN EXCELLENT VALUE — A WISE INVESTMENT

We proudly offer this Choice, beautifully toned specimen for sale and we hope we may have the opportunity to someday repurchase the coin.

MORGAN DOLLARS

GRADING TERMS

We have incorporated the mintstate grading standard as a means of grading silver dollars with greater accuracy. As with all of our coins, we grade conservatively and accurately to deliver to you the best value available in the numismatic field.

MS-60 - Strictly Uncirculated, full mint frost with the normal amount of bagmarks, and normal strikes for the date. (Excessively bagmarked coins or horrible strikes will be noted separately.)

MS-65 - Choice BU, well struck pieces with a minimum amount of bagmarks. Generally well above average coins. Comparable to coins some sell as MS-70! Our MS-65 coin will usually please even the most discriminating collector.

MS-70 - True Gem Uncirculated, virtually perfect, fully struck coins with essentially no bagmarks. Many dates, in fact, simply do not exist in MS-70 although you see many dealers offer them as such.

"The 1913 Half was as described; a beautiful strike. I'm interested in better dates and quality rather than quantity. I guess we're on the same wave length."

"Please send me another investment package of rare coins. Your company is superb in every respect and I look forward to a long and profitable business relationship."
D.S., NEW YORK

"Thank you for your good selection for investment. I believe they are graded fairly."

R.L., FLORIDA

We recognize the fact that the vast and complex field of numismatics leaves many people bewildered. Basically two types of people read our catalog — the collectors (or "hole-fillers") who have a specific goal in mind, and the beginners/investors. Often the beginners/investors are hesitant to purchase a coin due to their lack of confidence in their ability to choose the right coin. It was for this reason that NEW ENGLAND RARE COIN GALLERIES established its investment program.

AS AN INVESTOR:

The coins you should hold depend on quite a few factors. The most important is the amount of time you can hold your investment. For example, many coins which offer excellent long-term (say 10-12 years) potential, offer no real possibilities at all to those wishing to keep their investment for only 3 or 4 years. In many cases, an investor is willing to sacrifice some of his probable percentage gain for a greater liquidity. (Especially if he is not sure WHEN he will wish to dispose of his investments.) Some investors are interested in highly speculative items (such as bullion gold, BU rolls, etc.) that offer quick profits (or quick losses) and put them completely at the mercy of various uncontrollable market factors. Others prefer investing (usually over a long period of time) in rarer items such as choice colonials, rare gold, choice type material, and rare date silver and copper coins.

THE COIN MARKET IN GENERAL:

Prospects for the future of the rare coin market in general look excellent. As we have stated previously, there has never been as great an interest in coins as there is today. Many dramatic events over the past few years have attracted interest in coins. The issuance of the Kennedy half dollar, the disappearance of silver coinage, the Eisenhower dollars and the current "gold rush" must all be given credit for the spectacular gains achieved in the numismatic field.

WHAT YOU CAN DO:

We are strongly recommending the purchase of selected rare coins for investment, to be held for 3-5 years or longer. In average times, investments in properly selected U.S. coins can generally be

"After receiving good service and selections on a recent portfolio order, I am pleased to order the following coins from you. . ."

expected to double in value every 5 years. In times such as these, the increase may be far greater. We offer our clients the type of coins that we feel will appreciate well over the long run — coins whose value is based on true rarity and condition, rather than merely highly speculative intrinsic content.

We also recommend certain series as investments for specific periods of time. For example: we are recommending the purchase of choice U.S. colonials to be held until 1976 — as we feel that the bicentennial will spark a great deal of interest in this particular field of numismatics. However, there are always going to be specific items within these series that we feel are better buys than others.

If you would like to make an investment in rare coins, and are willing to place yourself in our hands, we will be happy to assemble an investment package for you which we feel will be best suited for your needs.

WHAT WE WILL DO:

We will do our absolute best to give you coins that will offer you the best possible appreciation over the period of time during which you plan to hold the coins. In addition, we can offer you advice as to the best possible methods of selling your coins when it comes time to liquidate. We will also diversify your package in such a way as to give you a secure position.

A complete description and background information are provided on each coin. Whenever possible auction records will be provided to further identify the coins. An explanation of grading (with reference to any special characteristics of the coin, such as soft-strike etc.) and derivation of our pricing are provided. Although we do not guarantee that you will get rich buying coins this way (though

some have), we do have the experience, knowledge of rarity and condition, and awareness of market conditions, to guarantee that unless you are an expert on the rare coin market, you will have a much better chance of profiting from such an investment than if you selected the coins yourself from other coin dealers (or even from us).

NEW ENGLAND RARE COIN GALLERIES:

In addition, you will be dealing with New England Rare Coin Galleries, a highly respected name in the industry. We are the largest and most active rare coin dealership in New England. We are rare coin experts and we pride ourselves on our competence as advisors of grade, authenticity, rarity and value, to collectors, investors, and other dealers.

Our name is your assurance of fair, consistent value and proper grading and attribution.

FURTHER GUARANTEE:

After you have received your package of rare coins, you will have 10 days to inspect the coins. Each coin in your package will be INDIVIDUALLY invoiced, and any single coin or coins may be returned for refund or replacement.

NOW:

If this type of arrangement sounds like what you are looking for, fill out the order form on page 28 and mail it in to us with your check. We will then assemble a group of coins which we feel are best suited to your particular investment picture. Each coin will be individually priced, and any coin(s) may be returned within 10 days for a full refund (for any reason or no reason at all).

Your satisfaction is completely guaranteed.

Please answer these questions as specifically as possible.

How long do you expect to be holding these coins? If you're not sure, please give approximate chances of each possibility — example: "I will probably hold for 10-12 years, but there is about a 20% chance I will need to sell in 4 years." (Note: We do not recommend investing in rare coins unless there is a good chance you'll be holding them for an absolute minimum of three years.)

Do you have any preferences regarding intrinsic values of coins, specific type of items that you prefer, etc.? (Note: We prefer that you leave these considerations up to us, however we will accommodate any wishes regarding specific interests you may have.)

How do you intend to dispose of these coins when it becomes time to sell? Would you like us to give you our recommendations?

Do you know if you will be investing more money in rare coins using this plan in the future? If so, approximately when and in what amounts? (This will help us plan which of the coins that fit into your picture to sell you now and which to plan on selling you later, as we feel certain coins may now be underpriced and others overpriced on a short-term basis although both may be underpriced on a longer-term basis.)
